Minutes of the last meeting:

A list will be distributed at the beginning of the meeting, to mark members present at the meeting.

Evaluation and Evolution of DCA:

A debate began discussing the roles and responsibilities of the Trustees and the committee members,

From the debate the following issues arose;

- There should be an improvement in the recording and authorization of DCA expenditure on events, in the meeting minutes.
- Democratic voting on suggested events and the event expenditure. This could involve a system of proposal and seconding.
- Ensure meeting minutes from Trustees meetings, and the matters arising are reported back at the monthly meeting.

As a result the debate, the association's constitution will be distributed to committee members together with the minutes of this meeting (11th September 2006), to facilitate a debate to clarify the roles and responsibilities of the Trustees and the committee members.

There was also a review of DCA events held this year. The first being Doxey Day, where it was expressed that, there should be an improvement in the selecting a suitable date and advertising of the event, and also assess the possibilities of a bar (including obtaining a limited license). The day could also possibly involve a cadet's band. Other events discussed included the Mother Goose Pantomime, and the august committee meeting which involved an open invitation to Doxey residents. Overall it was felt that Doxey events required better advertising and marketing.

Future events in Doxey:

It was suggested that there should be more events for 9 – 11 years age group. Activities could include, Art, Drama the pantomime scheduled for April 2007, and the Etrurian Café theatre workshops. It was suggested that such events could be advertised at the school.

The Doxey Parish Council will meet with representatives from The Stafford Borough Council and the Staffordshire County Council regarding the extension of the Doxey Primary of School play fields to include play fields behind the Doxey Primary School.

It was noted that some time be set aside during the monthly meeting for the discussion of future Doxey events.

Feedback:

Blackpool Trip:

A total of 36 people attended the trip. Despite the rain the trip was enjoyed by all, as David Hughes received calls of thanks. There were enquires about future Blackpool trips next year, which is scheduled to be part of DCA activities in the forthcoming year. For this to happen the following should be considered, with 36 people attending, this was 13 people short of a full coach, which would allow a £195 discount to be obtained, thus reducing the price of the trip to £10.50 per person.

Reallocation of Life Support Project:

The next life support course will be held on Tuesday 19th of September.
